

## 1ST CAVALRY DIVISION CAPTURES VITAL CITY OF KAESONG, ONLY TWO MILES SOUTH OF THE 38TH PARALLEL

**Important Capture Made By American Troops, Operating In Wake of Three S. Korean Divisions Pressing Hard Against Communist-Held Objectives In North**

By Howard Handelman  
(Far Eastern Director, U. N. S.)  
TOKYO, Oct. 7.—(INS)—The U. S. First Cavalry Division, moving northward in preparation for an expected early U. N. general offensive against North Korea, today captured the vital city of Kaesong, only two miles south of the 38th Parallel.

First announcement of the important capture by American troops—operating in the wake of three South Korean Divisions pressing hard against Communist-held objectives in the north—came from U. S. Fifth Air Force headquarters. Lee Ferrero, International News Service war correspondent who rejoined the Air Force command after accompanying the South Korean Third Division across the Parallel to a point only 25 miles south of Wonsan on the east coast of North Korea, said the capture was made "late today."

Ferrero's message was received in Tokyo at 8:30 p. m. local time Saturday (6:30 a. m. EST).

Kaesong, a city of 90,000, is the ancient capital of Korean kings.

The First Cavalry troops pushed in after calling for close air support to knock out Communist rear guards.

Kaesong is 35 miles northwest of captured Seoul, the capital of South Korea, and lies astride the main route to the North Korean Communist capital of Pyongyang. The First Cavalry started moving toward Kaesong several days ago by driving to Munsan and crossing the winding Imjin river.

### Attorney Informs of "The Pennsylvania Plan"

NEWTOWN, Oct. 7.—Pearce H. E. Aul, Esq., addressed Newtown League of Women Voters Tuesday evening at his meeting in St. Luke's P. E. parish house, on the Pennsylvania Plan for selection of judges.

Mr. Aul is former chairman of Pennsylvania Bar Association committee for the study of the plan, and explained that this plan was approved July, 1947, "but to make it effective, an article in the constitution must be amended, requiring approval of the legislature at two consecutive sessions, and also approval of the voters of the state. This plan was copied almost directly from the Missouri Plan, which has been in operation for several years.

The plan provides for a judiciary committee of one judge, three lawyers, three lay citizens, who would present to the governor a panel of three names from which judges would be selected. The plan also provides for vacancies to be filled and for judges to be retained in office after a trial period of 12 months. The Pennsylvania Bar Association feels it to be a "forward step in securing and protecting an independent judiciary."

A skit on the plan was presented by members of the league. Characters were: Dreamer, Mrs. John Hollister; blockhead, Mrs. John Arthur Brinton; "gimme gimme" judge, Mrs. Eugene Robertson; big stick judge, Mrs. Ernest Seegers; big shot judge, Mrs. Robert Titlow; good judge, Mrs. Anthony Burton; ghost, Mrs. Marion Elwell; woman, Mrs. William B. Eves.

### Calf's Heart Outside

EMILIE, Oct. 7.—An unusual calf was born Tuesday on the farm of Willis Wink. Born to a Swiss cow, five years old, the calf's heart was on the outside underneath and back slightly from its two front legs. Otherwise it was normal. The heart-beat could be seen. Dr. Thomas DeMott, of Bolton Farms, University of Pennsylvania, was called and took it to the University of Pennsylvania Veterinary School, Philadelphia, where the calf died approximately 36 hours after birth. Pictures were taken of it. A very rare occurrence, only 19 such cases have ever been listed it is stated.

### Marine Recruiting Sgt. Is at P. O. Every Friday

A Marine recruiting sergeant will be available at the post office building, here, every Friday between the hours of 11 a. m. and one p. m., it was announced today by T/Sgt. Leon B. Williams, non-commissioned officer in charge of the Trenton (N. J.) recruiting office.

Establishing regular recruiting hours every week in Bristol is in line with the current growth and expansion of the Marine Corps, which, traditionally manned by volunteers, has opened a new enlistment program for men who do not want to become regular Marines but who want to help get the present job done. Men between the ages of 18 and 31, if they meet requirements, may sign up in the Reserve for an indefinite period and be placed on extended active duty "in excess of 30 days" and sent immediately to "boot" camp for thorough training — Marine Corps style.

For the most part, immediate response to these new enlistment terms has come from those young men who will be subject to call under the Selective Service Act but who prefer to get their military training in the Marine Corps. Sergeant Williams also announced that reduced dental and color perception requirements have made it easier for young men who are otherwise qualified to join the Marines, and that dependency is no longer a disqualifying factor.

Acting president of council, John R. May, told Forley that council is very much interested in seeing that all residents pay their taxes, and feels that every resident of the borough should pay their just share of the taxes, but council has no say in the assessors job and that is the list the tax bills are made up from. Council will take up the problem with the borough assessor and with the county commissioners to see if anything can be done, and if at all possible to hold a tax census.

The police reported there were eleven "stop sign" violations, one failure to yield right of way, one reckless driving violation, one report of a motorist trying to pick-up girls, and a call to the Wood School that someone was trying to rob the garage. The police also reported that the street signs have been well placed and look very good. A stop sign is needed at the intersection of Flowers avenue and Pine street.

Council discussed the "stop sign" and decided that it should be turned over to the safety committee for

BUCKINGHAM, Oct. 7.—The Loyal Republican Club of Bucks County will present a double program here Monday night, with a distinguished guest from the nation's capital, plus top-notch entertainment by some of Philadelphia's best young talent.

George Bloom, of Washington, Pa., who is administrative assistant to U. S. Senator Edward M. Martin, will be one of a number of guests at the monthly meeting.

Among others attending will be the Republican candidate for the Bucks-Lehigh district for Congress, and the candidates for re-election to the State Assembly from Bucks county.

State Senator Edward B. Watson, chairman of the club's entertainment committee, announced that one of the outstanding features of the club will be re-activated with the return of a schedule of a variety of entertainment.

"We will have the best young talent from the city of Philadelphia at our Monday night meeting, including Billy James and his 'Horn and Hardart television stars,'" Senator Watson said.

The meeting is scheduled to begin promptly at 8 p. m., due to a full program of entertainment.

NEW YORK, Oct. 7.—(INS)—The Philadelphia Phils, who once upon a time entertained romantic notions of beating the New York Yankees in the World Series, battle in anguish today to win a single game and escape a bomber wipeout.

### LANGHORNE ADOPTS PARKING ORDINANCE

**Restricts Parking On East Side of Bellevue Ave. To One Hour**

### NONE ON WEST SIDE

LANGHORNE, Oct. 7.—Langhorne borough council last night, passed an ordinance restricting parking to one hour on the East side of Bellevue avenue and prohibiting parking on the west side of Bellevue avenue, between Richardson avenue and Maple avenue; also further restricting parking in the center of town, effective November 1st. John R. May presided in the absence of the president, Paul B. Bennet.

Walter S. Forley told council that he had a list of names of people registered as voters, but who were not on the assessor's lists and he felt that all residents of the borough should pay their just share of taxes. He appealed to council as a taxpayer of the borough to see if the council could do anything about the situation.

"It is not right that a few people in the borough do not have to pay taxes and others do," Mr. Forley stated. "Every resident of the borough should pay their taxes so it will be fair to everyone. The only way you can stop this as I see it, is either to have the assessor go from house to house or hold a tax census to get a correct tax list."

Acting president of council, John R. May, told Forley that council is very much interested in seeing that all residents pay their taxes, and feels that every resident of the borough should pay their just share of the taxes, but council has no say in the assessors job and that is the list the tax bills are made up from. ### PREDICTS BOOM FOR THE DELAWARE AREA

Gov. Alfred E. Driscoll Says This Area Will Have Great Growth

### OUTLINES PROGRAM

PHILADELPHIA, Oct. 7.—(INS)—The Greater Philadelphia South Jersey area was heralded today as the "future Pittsburgh of the east," and the Delaware river which divides the area is slated to become "the Clyde of America."

Such were the glowing predictions which followed a meeting in Philadelphia of the conference on planning and economic development of the area attended by civic, military and government officials headed by New Jersey's chief executive, Alfred E. Driscoll.

An impressive program for the area was outlined by the unit's chairman, Gen. Grenfon G. Wallace, who listed:

Development of the port of Philadelphia; additional river crossings; high speed transportation across the river, connecting suburbs and buses, with a possible terminal in south Jersey; expanded airport facilities; continued improvement of the water supply; additional development of sewage disposal and development of the interstate commission on the Delaware river.

The meeting brought out that additional heavy industry was being absorbed in the area following the lead taken by Carnegie-Illinois Steel Co., which will soon build a huge plant on the upper Delaware, in Morrisville. The firm plans also to construct another plant in Gloucester county.

### 2 Die as Tractor-Trailer is Rammed

Gap, Pa. — Two men are dead today after their automobile rammed the rear of a tractor-trailer on U. S. Route 30 east of Gap in Lancaster County. Henry J. Kaiser, 24, of Lancaster, and his cousin, Frank Habacker, 22, of Downingtown, RD 1, died instantly, according to Deputy Coroner G. B. Hershey.

The accident scene is on the road from Coatesville to Lancaster.

### Indonesian Ignore "Cease Fire" Request

Jakarta, Indonesia — Indonesian troops ignored a United Nations request for a cease fire today and pressed a drive on the island of Ambona to secure their grip on four other Molucca islands. The request for a cease fire was made by the United Nations Commission for Indonesia and included an offer to mediate the conflict. Commission sources expect the appeal to be rejected, however, because the Jakarta government considers the problem "purely domestic."

### Firemen from Newtown Borough Battle Blaze at Barn Of Ross M. Gale, Newtown Township, for Five Hours — Ladies' Auxiliary Provides Sandwiches and Coffee

Two fires in lower Bucks County, last evening, caused losses estimated at \$40,000.

One blaze was along the Bristol Pike, near Morrisville, where the Carrex Rubber Manufacturing Corporation's building was gutted, entailing a loss estimated at \$25,000. The other fire was at the farm of Ross M. Gale, Lindenhurst road, Newtown township, where a barn and its contents were destroyed, entailing a loss put at \$15,000.

The fire of undetermined origin, at the Gale farm kept firemen from Newtown borough busy for six hours.

Discovery that the barn on the Gale farm was afire was made at 6:15. The barn and its contents of hay were destroyed. There were no cattle nor machinery in the barn at the time, it is stated.

Members of the Ladies' Auxiliary of Newtown Fire Co. provided sandwiches and coffee for the firemen.

The Newtown alarm was sent in about 6:20 p. m., and firemen from the Newtown company were there until after 1:00 this morning. The fire smoldered through the hay stored in the barn for many hours.

The two-story barn was destroyed, leaving only the remnants of the four walls. The firemen drew their water from a nearby creek.

The fire at the Carrex rubber plant raged out of control for nearly an hour. Fed by burning rubber the flames shot up more than a hundred feet at times, and smoke and sparks blanketed the nearby area.

The alarm was sent in about 6:45 by one of the employees working in the building at the time. Margaret Carter, of Locust street, Fallsington, first saw the flames on the second floor of the two-story structure.

She ran down and warned the three men and another woman who were on the first floor. They tried to fight the fire with hand extinguishers, but were driven back by the rapidly spreading flames.

The employees, George Menth, of Trenton; Richard Morton, of Tullytown; Lee Kovelesky, Morrisville, and Gordon Sheppard, of Fallsington, together with Miss Carter, managed to escape without injury. Morton's car, parked near the building, was scorched by the intense heat.

Roger Maclean, the watchman at the plant, said that he had made his rounds shortly before and had not noticed anything amiss. He returned to his home behind the

### Sanderson Tells Kiwanis Club of Highway Needs

LANGHORNE, Oct. 7.—"It is impossible for the imagination to exaggerate the magnitude of the industrial, commercial, and residential development coming to this Bucks County area in the next few years," declared V. L. Sanderson, of Rushland, chairman of Bucks County highway committee of the Greater Philadelphia-South Jersey Council, at the meeting of Bucks County Lincoln Highway Kiwanis Club on Tuesday evening at American Legion country club home.

President W. Spencer Erwin praised the speaker for his untiring efforts in furthering the proposed Montgomery-Bucks County turnpike extension, from the Pennsylvania Turnpike at King of Prussia east to the Delaware river.

Mr. Sanderson stressed the need for extending the Turnpike eastward to give the industries along the Delaware, from Morrisville to Eddington, direct access to the through traffic arteries, including a bridge to connect with the New Jersey Turnpike at the Bordertown Interchange. The thanks of the club were extended to Mr. Sanderson by John A. A. Crowley, club secretary, Harry Spencer, of Langhorne, and Corporal Jones, of the Langhorne State Police detail were guests.

At the board of directors meeting held after Mr. Sanderson's talk, plans for distributing 1000 bicycle safety pamphlets to the school children of the area were discussed. It was reported that more Kiwanis gum machines had been installed, and that receipts are being devoted to youth and civic activities of the Kiwanis Club. The club also plans to assist in the movement for extension of the Pennsylvania Turnpike.

The next meeting of Kiwanis club will be held at the country club on October 10, to hear reports from Past President Paul Sawyer and President Erwin on the recent state convention held at Atlantic City, N. J.

### To Lay Cornerstone at Hartsville S. S. Bldg.

The cornerstone for a new Sunday School building of the Neshaminy Warwick Presbyterian Church will be laid during the morning service tomorrow at the historic church on Bristol road between Easton pike and Old York road in Hartsville.

Rev. George Ross Ashwood, Jr., is minister of the church, believed founded in 1726 when Rev. William Tennent came to "the Forks of the Neshaminy." Because there were no schools in Pennsylvania at the time for the education of Presbyterian ministers, Tennent built a "Log College," which later was visited by President Benjamin Harrison, Postmaster General John Wamamaker and Governor Beaver of Pennsylvania, in 1889.

### DOLLAR IN THE BANK

A Cleveland banker remarks that the average man "has smartened up to the fact that a dollar in the bank isn't worth a damn, so he might better go out and spend it."

That advice packs a lot of tragedy into a few words. The dollar in the bank is declining in purchasing power day by day. Predictions are that prices will be at least 5 per cent higher January 1 than they are today. Off goes another nickel from the dollar's buying power.

Those who can will demand and get more dollars to offset inflation. Those who can't will live more miserably on their fixed incomes. And the man who scripps and saves to put a few dollars in the bank is chasing a will-o-the-wisp. When he goes to get them, in old age or earlier, they won't be worth nearly what he had counted upon.

The citizen who puts his money into a business is still insecure, since 50 per cent or more businesses fail. If he buys stock and bonds, the market is likely to crash in the inflationary boom. Real estate, urban or rural, looks good now but it, too, is subject to economic swings.

That dollar in the bank, with the integrity of the government behind it, should be an emblem of security for the citizen. But, as the Cleveland banker says, it is not. This is a sad commentary upon the cheap politicians and their mouthings about "social security," "welfare" and "lifting up the underprivileged one-third."

### PROSPECTORS

Prospectors used to hunt for silver and gold which were of great intrinsic value to the human race. They could be, and often were, used to enrich life by giving people more goods and services. But they were, too, sometimes concentrated in unwise hands, contributing to ostentatious display and employed for criminal and degraded purposes.

Now there is another crop of prospectors hunting for a valuable metal—uranium. It is the chief atom-splitting ingredient. Uranium is one of the hopes of bringing the human race to the fullness of living, giving man undreamed of creature comforts, longer life and the allaying of pain. But uranium also has the potentialities of diluting civilization with bestiality, slavery, oppression, death—even total destruction.

Prospectors will always seek and sometimes find, the rewards of discovery being considerable. The uses of what they find are up to mankind in general. If the part-time minerals of Mother Earth are employed to depraved ends, so much the worse for man who was endowed with free will and presumably with the intelligence to seek his higher destiny.

Bats fly by radar, according to scientists. Mosquitoes, however, seem to proceed on the go-as-you-please system.

After the protracted talkfest they have engaged in, members of Congress should be in fine fettle for the campaign.

That advice packs a lot of tragedy into a few words. The dollar in the bank is declining in purchasing power day by day. Predictions are that prices will be at least 5 per cent higher January 1 than they are today. Off goes another nickel from the dollar's buying power.

Those who can will demand and get more dollars to offset inflation. Those who can't will live more miserably on their fixed incomes. And the man who scripps and saves to put a few dollars in the bank is chasing a will-o-the-wisp. When he goes to get them, in old age or earlier, they won't be worth nearly what he had counted upon.

The citizen who puts his money into a business is still insecure, since 50 per cent or more businesses fail. If he buys stock and bonds, the market is likely to crash in the inflationary boom. Real estate, urban or rural, looks good now but it, too, is subject to economic swings.

### PROSPECTORS

Prospectors used to hunt for silver and gold which were of great intrinsic value to the human race. They could be, and often were, used to enrich life by giving people more goods and services. But they were, too, sometimes concentrated in unwise hands, contributing to ostentatious display and employed for criminal and degraded purposes.

Now there is another crop of prospectors hunting for a valuable metal—uranium. It is the chief atom-splitting ingredient. Uranium is one of the hopes of bringing the human race to the fullness of living, giving man undreamed of creature comforts, longer life and the allaying of pain. But uranium also has the potentialities of diluting civilization with bestiality, slavery, oppression, death—even total destruction.

Prospectors will always seek and sometimes find, the rewards of discovery being considerable. The uses of what they find are up to mankind in general. If the part-time minerals of Mother Earth are employed to depraved ends, so much the worse for man who was endowed with free will and presumably with the intelligence to seek his higher destiny.

Bats fly by radar, according to scientists. Mosquitoes, however, seem to proceed on the go-as-you-please system.

After the protracted talkfest they have engaged in, members of Congress should be in fine fettle for the campaign.

Mrs. Baum had among her guests a number of newspaper men and women.

Mr. and Mrs. Baum were married on October 3, 1906, by Rev. P. A. Laurey, pastor of Trinity Lutheran Church, in Perkasie, of which the groom of 50 years ago was the choir director, and Mrs. Baum, then Miss Birdie L. Unfried, was the organist. It was in connection with the activities of the choir that the romance had its inception.

Mrs. Baum, a native of Perkasie, is a daughter of Mr. and Mrs. William Unfried, and Mr. Baum, a son of Mr. and Mrs. Abram Baum, was born in Easton, but early in childhood came to Bucks county with his parents.

Two Quakertown girls, Arlene Luckey, 130 South Ninth street, and Jerenne Knauss, 820 West Broad street, are among the Bucks county school pupils whose posters were awarded prizes in the Bucks County Medical Society 1950 Health Poster contest held earlier in the year. They competed in a State-wide contest.

Philadelphia lead the out-of-the-county parade with 57, and 40 others came from six other states, including 31 from New Jersey, four from New York, two from Florida, and one each from Ohio, Virginia and Illinois.

Other Pennsylvania cities who sent marriage applicants to the county seat included Allentown, Bethlehem, Easton and Norristown. Only 24 were in the divorce group re-applying for marriage licenses, these including 11 men and 13 women. Half of this group had just recently been divorced from the previous mates.

vealed that another, although unidentified, steel plant has purchased a 2000-acre tract in Gloucester county, adjoining the 1700-acre Eagle Point tract of the Texas Co.

Taking cognizance of the great shipbuilding industry along the river, and the impending steel production development on both sides, Mrs. Mary G. Roebbling, of Trenton, N. J., a member of the council, made the observation about the east's "Pittsburgh" and "Clyde."

## Langhorne Adopts Parking Ordinance

Burgess George C. Mather told council that a number of residents of the borough had asked why there was not a full-time police officer and would council look into the matter.

Council discussed the needs of the borough for a full-time officer and whether the borough could afford one at this time. After much discussion council told the burgesses they realized the additional needs of a full-time officer at this time, but on the other hand feel the financial burden would be a little too much to carry at the present time, but in the very near future it may be possible to have a full-time officer.

Borough secretary, William J. Palmer, read a letter from the state highway department stating that the application for a traffic survey was received and the survey for traffic lights at Maple and Bellevue avenues will be made, and if the state finds they are needed will authorize them for the intersection.

Ernest Nisey, chairman of the safety committee, reported the new signs are in and are being put up as fast as possible to be ready for the parking restrictions.

Arthur S. Walker, chairman of property committee, reported the clock has been repaired and the committee hopes to have the parking lot completed to coincide with the going into effect of the parking restrictions on Bellevue avenue.

The street and highway committee chairman, John R. May, reported a lot of the curbs have not been made ready for the gutter project and is again asking the residents to contact the committee about getting their curbs ready for the gutters, so that the project can proceed on schedule.

## Luncheon Marks Start of 50th Season for Travel Club

Entering upon the season which will mark its 50th anniversary, the Travel Club yesterday afternoon had an auspicious start for its 1950-51 season, when members assembled in the club home for a luncheon and "Style Smiles" program.

Those who recently were voted into membership were introduced to the other club women; officers were presented, and some new committee chairmen announced after a cordial, formal welcome was extended by Mrs. Elwood P. Goslin, president. In the receiving line were officers of the club.

Assuming the post of vice-president, succeeding Mrs. Russell W. DeLong, is Mrs. John A. Moyer. In addition to Mrs. Moyer, the following officers were presented to the gathering by Mrs. Goslin: Mrs. Michael A. Harriety, recording secretary; Mrs. Paul V. Forster, corresponding secretary; Mrs. Robert D. Brooks, treasurer; also the president of the Junior Travel Club, Mrs. John C. Black. New members of the club are: Mrs. William Boyd, Mrs. Donovan Fagnans, Mrs. William Lovett, Mrs. Charles McLaughlin, Mrs. Horace N. Davis, Jr., and Mrs. Harold Koch, the latter two being unable to attend.

The program for the day included vocal solo, "Bless This House," and "The Second Minuet," by Mrs. Charles I. Bowen, who was accompanied by Mrs. Albert M. Dowden; and "Style Smiles," a unique presentation by Mrs. Doris Penkethman, representing the Philadelphia Dairy Council. From an ancient trunk allegedly found in "Aunt Bedella's Attic," Mrs. Penkethman drew forth hats, dresses, coats, undergarments, spats, fur pieces, and so on, which took members back in memory over the past half century. Throughout the tale of swift changing styles since 1900 there was woven the slower change in realization of the value of good nutrition, and the consequent change in diets. Where, back in 1900, it was stated in a popular magazine that "liver and kidneys contain very little of nutritive value," today there is a far different conception of the food value of these items. The addition of greater amounts of dairy products, also of fresh vegetables and fruits over the years, has resulted in tremendous improvements in general health of the populace, it was

### Today's Quiet Moment

By the Rev. Paul H. Gleichman  
Pastor  
Zion Lutheran Church

O God, let not Thy holy Word ever be spoken in vain to us. Grant that we may not be hearers only, but doers of the same, and that it may bring forth its intended fruits, keep us in the school of Thy instruction, and let Thy Holy Spirit enlighten, sanctify and enable us; through Jesus Christ our Lord. Amen.  
(1950 Year Book, United Lutheran Church in America)

pointed out. Harking back to the days when types of food in greatest demand tended toward one's obesity, it was mentioned that it was then that the skirt styles required the strictest of corseting.

Many smiles were brought to the women's faces as the guest read portions of advertisements for medicines found in a mail order catalogue, dated 1902. Down through the years the "death grip" was released on the waist, and moved down to the ankles when the hobble skirt appeared on the scene. The discoveries made by the medical profession through examination of men entering the service in World War I, were mentioned, with interest in nutrition taking a big leap at that time, and continuing until today people are more conscious of true values of food. "The children of today are healthier than our grandmothers were," added Mrs. Penkethman, "and the children of tomorrow are bound to be the best yet."

Among the committee chairmen who are new to their posts, there were listed the following: Education, Mrs. Alvin K. Schindewolf; literature, Mrs. Brooks; public welfare, Mrs. George W. Wright; social, Mrs. Charles T. Simpson, who is co-chairman with Mrs. Frank S. Weil.

The members were given a glimpse into programs for the year as they were briefly announced by the president; the highlight this month being the Bucks County Federation of Women's Clubs sessions, with the Travel Club as hostess unit, on Oct. 27th. Mrs.

Earl H. Tomb informed of plans for a trip to the United Nations sessions on Nov. 10th; and Mrs. David Sheerer, Jr., informed of theatre "brunches," arranged for this season in Philadelphia, this being a civic movement to stimulate interest in the theatre in that city.

## BRISTOL HIGH IS BLANKED BY CONSHOHOCKEN

CONSHOHOCKEN, Oct. 7 — Bristol High made but three first downs last night as it bowed to the Conshohocken team, 12-0, under the lights on the latter's field. It was the sixth time that Conshohocken beat Bristol in their series of 20 games. Bristol has won 11 and three ended in ties.

The Warriors' offense was very weak against the Conshohocken team. The Bristol team had but one first down in the first half, that being the result of a pass. Harvey Smith to Charlie Rauch. But Bristol did not penetrate Conshohocken's side of the field until the last four minutes of play when it made two consecutive first downs to get as far as the home team's 20 yard line.

On the other hand, the Golden Bears went through the Bristol line as if it was paper. Fourteen first downs were credited to the winners. In addition to their two touchdowns, the Bears passed up another chance in the third quarter when Galos fumbled on the one-yard line and DeFazio recovered for Bristol.

The Bristol backs gained 67 yards from scrimmage, including a 24 yard run by Alan Holston in the last quarter while they lost a total of 22 yards.

"Bill" Gratz did some fine kicking for the Warriors but the Conshohocken backs ran the ball hard on the run-backs to make his fine kicking go to waste. "Tex" Giagnacova played a fine defensive game for the Bristol team.

Rus Graham and "Eddie" Galos did most of the ground gaining for the winning team although in the third quarter it was Leo Liesneski who carried the burden of the yard being clicked off.

Conshohocken threatened early in the game when it reached the 12-yard line of the Bristol team after Graham made a 43 yard off-tackle gain and Phil Marine followed with a 23-yard end run. But Davis broke through and tossed Marine for a 6-yard loss and after a penalty, the homesters were stalled in their tracks. The Conshohocken team got as close as the 20 yard line in the period but Dick Puchino broke up this drive by intercepting a pass.

In the second quarter, Conshohocken got to Bristol's 28 but the Warriors held for three downs and on the fourth, Douglas Law got off one of his several "coffin" kicks, the ball rolling out on the seven. After Puchino lost three yards, Gratz kicked to the 35 but Galos ran it back to the 16. Two plays later, "Lou" Loeffler intercepted a pass on the 15. Again Gratz kicked to the 40. But Liesneski picked up the ball and carried it to the 9-yard line. After Graham picked up a yard, Galos went through the Bristol right side for a touchdown. Graham missed the extra point try, making the score, 6-0.

Following the kickoff, Bristol scored its initial first down. Graham kicked to Loeffler who ran it from the 15 to the 30. Holston gathered up four on a lateral and a quick pass, Smith to Rauch, made a first on the Bristol 46.

Early in the third period, Conshohocken again crossed the Bristol goal line. Following another beautiful kick by Law which went out on the Bristol 5, Gratz booted to his 40 but Liesneski got by the would-be Bristol tacklers and hauled the ball back to the 28. Graham chugged his way on the first play to the 5-yard line from where Liesneski took it over. Graham failed on the conversion, the count then being 12-0.

Later in the quarter, Conshohocken made a drive from its 40 yard line to the Bristol one. But here, Galos cracked the line but Charlie Foltz hit him hard to cause him to fumble the ball. DeFazio fell on it to give Bristol possession. Gratz followed by kicking out of bounds on his 39.

Bristol's best offensive show came with less than four minutes remaining to be played. Conshohocken had registered a first down on the 33 but a 15-yard penalty set them back to their 29. Graham punted to the Bristol 40 but Loeffler got off a nice run-back to the Bristol 46. Loeffler picked up two on a center plunge and then tossed a pass to Ralston Hedrick for a six yard gain and put the ball in Conshohocken's territory for the first time. Holston then hit the line for a first on the 44. Holston got off on an end sweep and was downed on the 29. But here the attack died and Conshohocken made three successive first downs to carry the ball back to Bristol's 40 as the game ended.

There were only three penalties called in the tilt. Bristol had an off-sides penalty while Conshohocken was penalized for off-sides and holding.

## ST. ANN'S TO PRY OFF GRID LID IN GAME TONIGHT

ST. ANN'S A. A. will pry off the lid of its home season tonight when it meets the strong Rockne A. A. team in a Northeast Conference game on the high school field. Opening ceremonies will get underway at 7:45 o'clock with kickoff scheduled for 8:15 o'clock.

Burgess I. Johnston Hetherington will give the welcoming address and there will be a talk by John Dougherty, president of the borough school board. The cadet corps of both the Robert W. Bracken Post, American Legion, and the Chester W. Terchon Post, V. F. W., will entertain before the game and at half-time.

The St. Ann's team has worked hard during the past week, rounding into shape for the home opener. Coach "Pete" Bornice and his assistant, Joe Roe, were a bit displeased at the showing of the localities against the Olney Vets and bore down at the practice sessions during the week.

The "Saints" will be short a line-man tonight because of a leg injury to Tom Profy, veteran guard. Profy was injured early in the Olney game and his playing was missed.

Coach Bornice added three players to the squad this week, including Nick Spadacini, former back-field star of Rider College; Joe Andriotti, former Northeast Catholic High back, and Claude Disler, who several years ago played with Northeast. Disler can be used in either the line or backfield.

It is most likely that Bornice will start Bob Calone and "Howie" Keys at the wing positions and "Al" Sozio and "Luke" Wade at tackles. The guards will be Buster Monachello and Joe Potena with Nick Lomma being the pivot man. "Ed" Henratty will be calling the signals with Joe Elmer and Spadacini being the halfbacks. The fullback post will go to Stan Lellinski.

The "Saints" will be well fortified with reserves. For ends, the Bristol team has Jasper Mangiaracini and Joe Denny; tackles, Frank Dudek, Bernie Koabert, and Gene Mount; guards, Fred Constantino, Lou Iannucci, and Joe Liberatori. Disler will probably be used as a center with the sub backs being: Mac Cuccini, Marvin Collins, John Gillies, Joe Singer, John Fiorelli, Joe Myernick, Andriotti, and Clarence Anderson.

Both St. Ann's and Rockne were beaten in their opening games. St. Ann's lost to the Olney contingent, 14-6, while Rockne bowed to Tacony Boys Club, 7-0.

St. Ann's won both the regular season and playoff crown of the conference last season. It won eight and lost one during the season and defeated both Tacony Boys Club and Ditman to win the playoff title.

There are eight teams in the tenth campaign of the conference. They are: St. Ann's, Rockne, Ditman, Olney Vets, Langhorne-Middletown Aces, Cheltenham, Willow Grove Vets, and Tacony Boys Club.

**DECIDING GAME IN SOFTBALL CIRCUIT**

The third and deciding game of the playoffs of the Bristol Suburban Softball League will be played tomorrow afternoon on Memorial field starting at 12:15 o'clock. The opposing teams are Franklin A. C. and Second Ward.

Second Ward won the first game of the series by a 6-5 count while Franklin won last Sunday's game, 7-3.

"Chick" Stansky, who was beaten by Franklin last Sunday, will again toe the slab for the Warriors with Gene Mount as his battery mate. Stansky got off to a bad start last week when Franklin nicked him for six runs in the first frame. However, he settled down and pitched brilliant ball the remainder of the tilt.

Franklin's hurler will be a toss-up between Jack Spencer and Tony Cappello. The latter did fine work against the Second Ward team last week to chalk up the Franklin victory. Spencer hurled the initial tilt and was beaten in the late frame.

Last season, Franklin and Second Ward were in the final playoffs with Second Ward winning the crown in the third and final game of the series. The softball fans are anxiously waiting to see if history will repeat itself or whether a new champion will be crowned.

**Township Faculty Wins Over Students**

The second annual faculty-students six-man touch football game was played yesterday afternoon by the Delhaas school on the Bristol Township field. The faculty won the game for the second straight season, winning by a 12-0 count.

Both touchdowns were made by Tom Jenkins on passes.

Members of the faculty team were: Jenkins, S. Dick, M. Herold, B. Ellis, J. Antoni and S. Oppenheimer. Its subs were C. Johnson, R. Miller, and R. McFarland. The students team was composed of: R. Kaizer, W. Cummings, F. Linck, L. Gibbs, J. Muth, and K. Alfrey. Its subs were F. Schade, R. Selleck, and R. Whitcoe.

The officials were Jack Petro and John Bustraan.

**DECIDING GAME IN SOFTBALL CIRCUIT**

The third and deciding game of the playoffs of the Bristol Suburban Softball League will be played tomorrow afternoon on Memorial field starting at 12:15 o'clock. The opposing teams are Franklin A. C. and Second Ward.

Second Ward won the first game of the series by a 6-5 count while Franklin won last Sunday's game, 7-3.

"Chick" Stansky, who was beaten by Franklin last Sunday, will again toe the slab for the Warriors with Gene Mount as his battery mate. Stansky got off to a bad start last week when Franklin nicked him for six runs in the first frame. However, he settled down and pitched brilliant ball the remainder of the tilt.

Franklin's hurler will be a toss-up between Jack Spencer and Tony Cappello. The latter did fine work against the Second Ward team last week to chalk up the Franklin victory. Spencer hurled the initial tilt and was beaten in the late frame.

Last season, Franklin and Second Ward were in the final playoffs with Second Ward winning the crown in the third and final game of the series. The softball fans are anxiously waiting to see if history will repeat itself or whether a new champion will be crowned.

**Township Faculty Wins Over Students**

The second annual faculty-students six-man touch football game was played yesterday afternoon by the Delhaas school on the Bristol Township field. The faculty won the game for the second straight season, winning by a 12-0 count.

Both touchdowns were made by Tom Jenkins on passes.

Members of the faculty team were: Jenkins, S. Dick, M. Herold, B. Ellis, J. Antoni and S. Oppenheimer. Its subs were C. Johnson, R. Miller, and R. McFarland. The students team was composed of: R. Kaizer, W. Cummings, F. Linck, L. Gibbs, J. Muth, and K. Alfrey. Its subs were F. Schade, R. Selleck, and R. Whitcoe.

The officials were Jack Petro and John Bustraan.

**Pennsylvania School Ties Southampton, Score 12-12**

FALLSINGTON, Oct. 7 — Pennsylvania and Southampton battled to a 12-12 deadlock here yesterday in a see-saw Lower Bucks County Conference gridiron battle.

The Falcons, with two of their first string linemen on the sidelines because of injuries sustained in practice Thursday, spotted Southampton a 6-0 lead in the first period and then took command in the second and third period before giving way to a last period Southampton attack which tied the score for good.
